

Furnished room only for commuters in beautiful old building in St. Pauli for a maximum of three nights per week on weekdays

Hello to the person (from 30 years), who is looking for a cozy place to stay during the week in Hamburg in the middle of the beautiful St. Pauli.

I offer a nice, bright and furnished room with high ceilings. It has a comfortable bed with a super (Emma) mattress as well as a fold-out desk (without the monitor in the picture) and a spacious closet. And all this with wooden floor. If needed, you can also bring one or the other yourself. We will see then. My current roommate finds it, as it is, perfect ;-)

The room is located in a nice 73qm old building apartment with bright, large well-equipped kitchen (including dishwasher and washing machine), where you can sit well with a few people. There is a bathroom with bathtub and a separate toilet.

I offer to provide the duvet, duvet cover and towels and to wash (depending on presence) the duvet cover and towels.

I am a female freelancer and work during the day in my office around the corner.
